

K-LOVE has been a Godsend to my family. It has been an inspiration, a guidance, and a joy. My 3 children love listening to it as much as my husband and I. I'm overjoyed that they prefer K-LOVE over the trash that is on radio nowadays. K-LOVE serves us as residents of this community in many ways. It has saved lives through Godly music and Bible verses that have spoken directly to people's hearts. The encouraging words K-LOVE shares has an impact on the community as people listen. I have heard so many stories about how K-LOVE has touched people. Please don't replace K-LOVE in our community. Families here depend on K-LOVE for positive Christian music. Thank you for your time, and I pray you'll make the wise and right decision.

God bless you,
